**MISSOURI DEPARTMENT OF NATURAL RESOURCES
AIR POLLUTION CONTROL PROGRAM
ASBESTOS PROJECT NOTIFICATION**

Any person who intends to perform an asbestos abatement project subject to the regulations of the Missouri Department of Natural Resources must provide the information requested in this form to comply with the requirements of the Missouri Air Conservation Law, Chapter 643 RSMo and Missouri State Rule 10 CSR 10-6.241. Except as provided in 10 CSR 10-6.241, this form is to be completed and returned to the department not less than 10 working days before the intended start date of the project. This notification is for asbestos abatement activities only and does not satisfy the requirement for demolition notification required by 40 CFR Part 61, Subpart M.

Any notification specifying work practices in violation of the applicable regulations will be considered invalid, as will notifications that are incomplete or illegible.

Parts A, B, C, D, E, F, G, and H must be completed for each notification. Notifications lacking the required information will be returned for completion and the 10 working day review period specified in Missouri State Rule 10 CSR 10-6.241 will be recalculated according to the policy of the appropriate agency.

Attach consecutively numbered supplemental pages, as necessary, to provide the information required in this notification form. Each supplemental page must refer to the part number and item to which it pertains, and must identify the project site and notification date. Failure to provide this identifying information will render a notification incomplete.

Mail completed notification and fee to:
